Professional Summary

I am a skilled Web Developer, UI/UX Designer, and Frontend Developer with over 1 year of experience in UI design. I am currently pursuing an MCA and expect to graduate in 2026. I have hands-on experience working with design tools like Figma and front-end technologies such as HTML, CSS, and JavaScript. I focus on creating user-friendly and responsive websites that balance functionality and aesthetics.

Work Experience

UI/UX Designer

ThingsLinker • Ahmedabad, Gujarat
